

Data Usage Agreement

This agreement governs the use of the *KidsArtBench*, which consists of children's artwork images and related annotation files, and is under protocol WZU-2025-106 approved by the East China Normal University Institutional Review Board on 20th August 2025, in line with the Personal Information Protection Law of the People's Republic of China (PIPL) where applicable and established academic ethical policies. Notably, it is solely for non-commercial academic research purposes.

The Recipient acknowledges that the dataset involves data created by minors and agrees to use the data only for legitimate research activities related to education, learning analytics, or artificial intelligence. The Recipient agrees not to redistribute, share, publish, or make the dataset available to any third party, and not to upload the data to any public or commercial platform. The Recipient further agrees not to attempt to identify any individual child, school, or institution represented in the dataset, and not to use the data for commercial, product-oriented, or profit-generating purposes. The Recipient agrees to store the dataset securely and to restrict access to authorized research personnel only. Proper citation of the dataset is required in any resulting publications. The dataset is provided "as is" without warranties of any kind, and the Data Provider assumes no responsibility for interpretations or conclusions drawn from its use. By signing below, the Recipient confirms acceptance of all terms stated in this agreement.
